Almita Manufacturing Ltd. hires Director of Sales and Marketing

Ponoka, AB – November 5, 2007 – Larry Kaumeyer, President of Almita Manufacturing Ltd., is pleased to announce the addition of Yung Phang, P.Eng, as Director of Sales and Marketing to Almita’s skilled and innovative team.

“At Almita we recognize that our core strength is our people,” says Kaumeyer. “We strive to hire the best of the best in order to deliver innovative, custom solutions for our clients. Yung Phang is no exception.”

Phang brings nine years engineering experience with him to Almita. Prior to joining the company Phang was the sole project manager and client contact for Double Star Drilling Ltd. In recent years he has held a number of engineering and managerial roles and he has worked for companies such as Jacques Whitford Associates Ltd., the Masshor Group of Companies Inc. and Shell Canada Ltd.

“Almita is full of potential and is poised to be the leading screw pile company in North America,” comments Phang. “They are industry leaders and I look forward to learning and growing along with their innovative and skilled team.”

In his new role, Phang will be working closely with senior management to provide creative and entrepreneurial sales and marketing leadership that will help Almita achieve its growth objectives and continue to enhance its market share.

Phang holds a Bachelor’s Degree in Civil Engineering from the University of Alberta. He is also a member of the Association of Professional Engineers, Geologists, and Geophysicists of Alberta, the Canadian Geotechnical Society and the Geotechnical Society of Edmonton.

ABOUT ALMITA

Almita Manufacturing Ltd. is Canada's leader in the design, fabrication and installation of screw piles. Based in central Alberta, Almita has been in operation since 1992. For more than 15 years, our success has been rooted in our ability to adapt our product and service offering to meet market demands and industry conditions. We are your complete one-stop custom provider of screw piles.
